

Boom boom goes my heart

Boom boom goes my heart
I smell your perfume
Don't hesitate I can't wait
Please come to me soon

Boom boom goes my heart
Just right from the star
A love affair my girlfriend
It's so hard to wait

Chica, you don't have to be so lonely
Chica, you could be my one and only
Chica, come to me soon
My heart goes boom boom
Chica, you don't have to be so lonely
Chica, you could be my one and only
Chica, you're the right tune
My heart goes boom boom

Boom boom goes my heart
How can I get you
You play the field, I play the fool
You're acting too cool

Boom boom hit the spot
You make me real heart
There's no regret being so bad
Don't go we may

Chica, you don't have to be so lonely
Chica, you could be my one and only
Chica, come to me soon
My heart goes boom boom
Chica, you don't have to be so lonely
Chica, you could be my one and only
Chica, you're the right tune
My heart goes boom boom

My heart goes boom boom
Boom, it goes boom boom boom
Boom ! Boom ! It goes boom boom
Don't be afraid, don't
Don't be late
Come here to me soon

Chica, you don't have to be so crazy
You should know I am not so lazy
Chica, I'll see you soon
My heart goes boom boom
My heart goes boom boom... My heart goes boom boom
My heart goes boom boom... My heart goes boom boom
Chica, I see you soon
My heart goes boom boom
You should come to my room
Let your heart go boom boom
