

## Home to Louisiana

I was walkin' by the river  
I was walkin' on my own  
But as I saw that deep blue water  
It reminded me of home

**Take me home home to Louisiana**  
**Take me back to the place that I belong**  
**Take me home home to Louisiana**  
**'Cause I'm sure I stayed away too long**

As I was standing on the shore side  
I saw a woman oh so sweet  
She was smiling as she passed me by  
I was reminded of where I wanna be

**Take me home home to Louisiana**  
**Take me back to the place that I belong**  
**Take me home home to Louisiana**  
**'Cause I'm sure I stayed away too long**

But I can still forget her  
I can make the longing go away  
I think of all the good times and never let  
The memories overtake

*Instrumental break*

**Take me home home to Louisiana**  
**Take me back to the place that I belong**  
**Take me home home to Louisiana**  
**'Cause I'm sure I stayed away too long**

But I can still forget her  
I can make the longing go away  
I think of all the good times and never let  
The memories overtake

**Take me home home to Louisiana**  
**Take me back to the place that I belong**  
**Take me home home to Louisiana**  
**'Cause I'm sure I stayed away too long**  
**'Cause I'm sure I stayed away too long**
