

I need more of you

Hearts burning like they were on fire
Flames changing my love to desire
Babe, my heart is screaming to say
Girl, we got to go on away

**I need more of you, changing my rain into sun
More of you, put on my blues on the run
I need more of you, darling, I need more of you
More, anything less wouldn't do**

We, ain't we together too long
Strange, how did our love get so strong
There's nothing to keep us apart
We got to catch up to our hearts

**I need more of you, changing my rain into sun
More of you, put on my blues on the run
I need more of you, darling, I need more of you
More, anything less wouldn't do**
