

## **If my heart had wings**

Damn these old wheels rolling too slow  
I stare down this white line with so far to go  
Headlights keep coming  
Loneliness humming along

Who poured this rain, who made these clouds  
I stare through this windshield thinking out loud  
Time keeps on crawling  
Love keeps on calling me home

I'd jump all these mountains  
And take to the skies  
Sail through the heavens  
With stars in my eyes

**If my heart had wings  
I would fly to you and lie  
Beside you as you dream  
If my heart had wings**

We both committed, we both agreed  
You do what you have to  
To get what you need  
Feeling you near me  
With so many miles in between

Lord it ain't easy out here in the dark  
To keep us together so far apart

**If my heart had wings  
I would fly to you and lie  
Beside you as you dream  
If my heart had wings**

*(Instrumental Break)*

Stuck on this circle  
Spinning around  
Cut loose from this rope  
That's tying me down

**If my heart had wings** (x2)  
**I would fly to you and lie**  
**Beside you as you dream**  
**If my heart had wings**
